POTDESIGN contact share

edition

is aimed at students of
universities and students of
secondary schools of
second degree, also in
collaboration with twinned
international schools,
institutions or companies,
to propose one or more
actions to imagine and
communicate their vision
of the future
post-pandemic, based on
incipit *contact/share*
through objects, words,
sounds and images.

object of the competition

The Competition [POTDESIGN contact/share] II edition is aimed at students of the Universities in network and students of the last two years of the course of secondary schools of second grade or in the period between the achievement of the diploma and the University enrolment. The Competition [POTDESIGN contact/share] II edition urges participants of universities and secondary schools of second grade, formed in heterogeneous project groups, to experiment shared actions that tell and communicate their own vision of the future in the post-pandemic to *"looking for points of contact, building bridges, designing something that involves everyone"* (Papa Francesco, 2020). The initiative contributes to integrated orientation actions responding to the urgent need for participation, sharing, codesigning processes that can change social, cultural and environmental behaviours, integrating where possible the PCTO (Pathways for Transversal Competences and Orientation), PON Orientation and the Universities' Scientific Degree Plans (POT and PLS).

how to participate

Groups should be composed by:

- __students of the Secondary School of Second Grade, also in collaboration with another twinned European/International School,
- __university students who, as tutors, structure exploratory educational workshops for the achievement of actions able to communicate their own and original idea of the near future of the post-pandemic,
- __with the possible collaboration of families, companies and institutions.

deadline

14th June 2021 at 14:59

awards and mentions

3 classified and special mentions for each category: 1_objects, 2_words, 3_sounds, 4_images.

The classified and mentioned works will be published in volumes and specialized scientific journals, on the sites of the participating Universities and Degree Courses, on the CUID website and on social media channels (Youtube, social media, etc.). The award ceremony will take place as part of an international event.
